MORE THAN A VENUE

As part of our commitment to a greener planet and offering activities that make us truly unique, we can assist with organising the following during your visit.

ORGANISED BEACH CLEAN

Green Sefton manages Crosby Coastal Park, and beach cleans are a regular feature of volunteer events in the area, with both the Friends of Crosby Beach community group and other volunteers working hard along the coast. For more information about arranging or taking part in a beach clean, please ask Natalie during your booking process.

WOOD FIRED SAUNA AND COLD PLUNGE

Mersea Sauna offers the opportunity to enjoy the stunning scenery along the Sefton Coastline in a beautiful handcrafted, wood-fired sauna. The sauna is wood-fired, giving it the traditional feel and it also means it can be used completely 'off-grid'. It fits comfortably 6 people. This can be added to any conference, retreat or event, arranged through Natalie.

TESTIMONIALS

LYNDSEY RUDGE

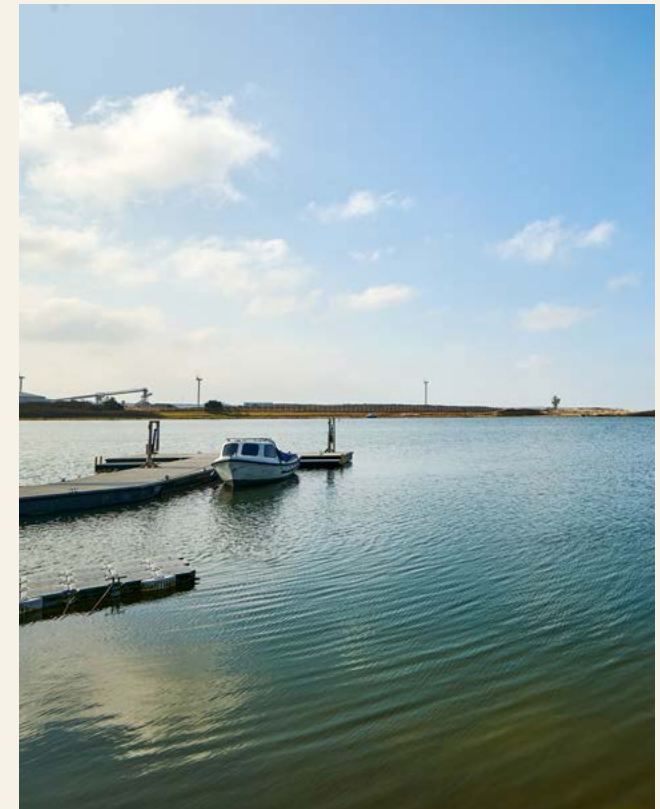

“I want to personally thank you for everything you did for our event yesterday. Nothing was too much trouble for you and you catered to our needs and more. You carried chairs, found the snacks we had not ordered, became a tech expert and again, sorted that out. Thank you so much Natalie, you really helped us out and I can’t thank you enough!”

SEEMA DOCTOR

“Brilliant service from Natalie and the team for our large booking with accommodation, conference facilities and food. Communication was fantastic and guest services very flexible to our needs. The location was stunning and we were lucky to get great weather in October. Highly recommended!”

JANE C

“On behalf of the Trustees at Mersey View Learning Trust, I would like to say thank you to you and your team for your hospitality yesterday. We hope to book again with you soon.”
